RUM

1999 - 2019

To celebrate Richland Rum's 20th Anniversary, we have used the entire year 2019 to select the five best barrels in our inventory.

Earlier this year, the selected barrels were bottled. Consensus with the Distiller was that 100 Proof optimally reflected the exceptional aroma profile of the selection.

At this strength, the five barrels yielded 1,182 bottles.

The average age of the selected barrels is 7 1/2 years.

The exclusive RR20 release is offered as the ultimate representation to date of our unconditional commitment to purity, authenticity and quality.

It is a distinct pleasure and a source of true pride and gratitude to share the RR20 Commemorative Selection with you.
